The foregoing limitation of liability shall apply whether in an action at law, including but not limited to contract, strict liability, negligence, willful misconduct or other tortious action, or an action in equity.
- 8.3 Each Parties' cumulative aggregate liability pursuant to this Agreement, whether arising from tort, breach of contract or any other cause of action shall be limited to and not exceed the amount of one hundred percent (100%) of the Total Purchase Price actually received by Bitmain from the Purchaser and paid by the Purchaser to Bitmain for the Product(s).

If the Purchaser fails to provide Bitmain with the delivery place or the delivery place provided by the Purchaser is a false address or does not exist, Bitmain may issue the Purchaser a notice of self-pick-up (which shall specify the self-pick-up location) and ask the Purchaser to pick up the Products itself. The earliest date for self-pick-up mentioned in the above notice shall be deemed as the delivery date. Bitmain shall be deemed to have completed the delivery obligation under this Agreement when the Purchaser receives the above notice. The Purchaser shall pick up all the Products within five (5) working days after receiving the notice from Bitmain. Furthermore, if the Purchaser would like to ask for Bitmain's assistance in redelivering such Product(s) or assist in any other manner, and if Bitmain at its sole discretion decides to provide this assistance, then in addition to the Return Expense, the Purchaser shall also pay Bitmain an administrative fee in accordance with Bitmain's then applicable internal policy.

Riot Blockchain Purchases Additional 15,000 Antminers from Bitmain – Expanding 2021 Total Hash Rate Capacity Over 3.8 EH/s

Riot Continues Its Bitcoin Mining Hash Rate Growth with Additional Purchase Expanding Total Fleet to 37,640 Next-Generation Bitmain Antminers

CASTLE ROCK, CO. December 21, 2020 (Globe Newswire) -**Riot Blockchain, Inc. (NASDAQ: RIOT) ("Riot", "Riot Blockchain" or the "Company")** announces an expected 65% increase in bitcoin mining hash rate capacity resulting from the purchase and future deployment of 15,000 S19 Pro and S19j Pro Antminers from Bitmain Technologies Limited ("Bitmain"). The approximate \$35 million purchase is comprised of 3,000 S19 Pro Antminers (110 TH) and 12,000 S19j Pro Antminers (100 TH). These additional miners are scheduled for receipt and deployment starting in May 2021 and continuing through October 2021.

This new order of miners, combined with the Company's prior miner purchases, is expected to significantly increase Riot's estimated bitcoin mining hash rate from the previously announced 2.3 EH/s to 3.8 EH/s. The Company has been receiving and deploying new miners consistently through 2020, including this new purchase; the delivery schedule continues into the fourth quarter of 2021.

At full deployment of Riot's 37,640 next-generation fleet of miners, Riot estimates its total operational hash rate capacity will be 3.8 EH/s and consume approximately 120 MW of energy. As a result, the Company expects to have an aggregate mining efficiency of 31.79±% 5 joules per terahash (J/TH).

"Continued growth in deployed miners is paramount to a miner's success," said Jeff McGonegal, CEO of Riot. "Expanding the Company's bitcoin mining hash rate and operating on a cost-effective basis is very important, particularly during periods when the bitcoin spot price has appreciably increased. We are pleased to have secured this latest purchase, especially given that the available supply of mining hardware continues to become increasingly scarce."

"We are extremely excited to expand and deepen our partnership with Riot Blockchain again this year. In total, Riot additionally purchased 15,000 Antminer 19 series. The 19 series enjoy a wide popularity in the global markets with outstanding hash rates and power efficiency, which continuously bring tremendous values to our customers around the world. I am confident that with the new purchase, Riot can continue to grow their mining operation and play an increasingly vital role in bitcoin mining across North America." said Irene Gao, Antminer Sales Director of NCSA Region, Bitmain.

All miner purchases continue to be funded using available working capital. Riot has no long-term debt. The Company is continuing to assess the bitcoin landscape with the assistance of XMS Capital in evaluating opportunities and transactions to further increase shareholder value.
